Department of Radiology
40th Anniversary Celebration 2018

Programme

14.00   Professor Fiona Gilbert  
        Head of Department of 
        Radiology  
        Welcome

14.05 -14.25   Professor Stefan Diedrich  
        Lung cancer staging

14.25 -14.45   Professor Fergus Gleeson  
        To the pleura and beyond

14.45 -15.05   Prof Ian Wilkinson  
        Air meets brain - the neuroscience 
        research - patient perspective

15.05 -15.25   Dr Simon Padley  
        TBC

15.25 -15.55   Refreshments/Posters

15.55 -16.10   Prof Hideharu Sugimoto  
        SAPHO syndrome: radiologic and 
        MR findings

16.10 -16.30   Professor Evis Sala  
        Unravelling tumour heterogeneity 
        in ovarian cancer: radiomics, 
        radiogenomics and habitat imaging

16.30 -16.40   Dr Lol Berman  
        Highlights of 40 years in 
        Ultrasound.

16.40 -16.50   Dr Martin Graves  
        MRI—A journey of discovery

16.50 - 17.10   Dr Owen Arthurs  
        Can imaging research actually 
        change clinical service delivery?

17.10−17.20   Professor Tom Sherwood  
        Science in Radiology - 40 years on

17.20−17.30   Professor Adrian Dixon  
        The intermediate years

17.30−17.40   Professor Fiona Gilbert  
        Current Status & Future Plan

6.15pm   Pre-dinner drinks

7.00pm   Dinner in the Hall  
        Gonville & Caius College
